

## **SOUTHERN SPORTS SEVERE WEATHER POLICY**

Our #1 goal is everyone's safety while at the park facility attending a Southern Sports event.

As it is stated in our rules, it is the sole responsibility of every team's head coach to understand all rules and guidelines in terms of Southern Sports events.

Southern Sports' severe weather and lightning policy is something that all coaches and families need to be familiar with as we begin our spring season. If the event is stopped due to lightning/severe weather, everyone must do the following:

- All spectators, coaches, players and parents **MUST** seek shelter immediately until the lightning threat has ended. SSP will notify everyone via website or phone app.

- **No one** is allowed on the fields, in the dugouts, or in the batting cages during a lightning delay.

- When seeking shelter, **everyone MUST** leave the common areas of the park and enter a safe shelter. Essentially, this means for everyone to go get in their vehicles and remain inside until the threat has cleared.

Good luck to all teams as you compete in our tournaments!!
